

22 gauge, Metal Hub Needle (N), PN: 91022

Specification Sheet (Part/REF # 91022)

The Metal Hub Needles (PN: 91022) can be used with PTFE Luer Lock (TLL) syringes and available in custom configurations offering flexibility for various applications. The Luer Lock connection ensures secure, effortless attachment, while the corrosion-resistant stainless steel construction offers long-lasting durability, even in demanding laboratory environments. Each pack contains six high-precision needles for reliable performance.
